
Los Angeles Regional Water Quality Control Board

February 26, 2014

Mr. Everett Bole
DLA Installation Support - Energy
8725 John J. Klingman Road
Fort Belvoir, VA 22060

SUBJECT: REVIEW OF ONSITE SOIL MANAGEMENT PLAN

SITE/CASE: DEFENSE FUEL SUPPORT POINT NORWALK, 15306 NORWALK BOULEVARD, NORWALK, CALIFORNIA (SCP NO. 0286A, SITE ID NO. 16638)

Dear Mr. Bole:

On September 30, 2013, the California Regional Water Quality Control Board (Regional Board) received the technical document titled *Conceptual Site Model and Remedial Action Evaluation for Soil, Groundwater, and LNAPL* (CSM) prepared by Parsons on your behalf for the above referenced site. On April 10, 2012, Regional Board requested a completion of soil conceptual site model before excavation of impacted soils for disposal at legal and permitted disposal sites and/or soil treatment facilities and implementation of soil screening procedures. After supplemental soil assessment, the CSM was submitted.

On April 10, 2012, Regional Board also commented on the March 8, 2012, *Onsite Soil Management Plan* prepared by Parsons regarding the onsite soil reuse sampling frequency. On May 17, 2012, Regional Board received the technical document titled *Response to April 10, 2012 RWQCB Comments on Onsite Soil Management Plan* by Parsons proposing to follow the Regional Board's April 10, 2012 comments for the sampling frequency. Based on our review of the above technical documents, we approve the proposed soil management plan. Please include information on soil import, impacted soil excavation and disposal, and onsite soil reuse and submit relevant data in your quarterly progress report. The first quarterly progress report including soil import, excavation and reuse data is due on **May 15, 2014**.

If you have any questions, please contact Mr. Paul Cho at (213) 576-6721 (pcho@waterboards.ca.gov).

Sincerely,

Paul Cho, P.G.
Engineering Geologist
Site Cleanup Unit III
