Los Angeles, CA 90013

**Subject: First Quarter 2014 Progress Report for Onsite Soil Management  
Defense Fuel Support Point Norwalk, 15306 Norwalk Boulevard,  
Norwalk, California (SCP No. 0286A, Site No. 16638)**

Dear Mr. Cho:

Parsons on behalf of Defense Logistics Agency (DLA) Energy is submitting this first quarterly progress report for the first quarter 2014 for onsite soil management at the Defense Fuel Support Point (DFSP) Norwalk site as requested by the California Regional Board in a letter to DLA on February 26, 2014. The *Onsite Soil Management Plan* was submitted on March 8, 2012 by Parsons, the Regional Board provided comments on April 10, 2012, and Parsons prepared responses that were submitted on May 17, 2012.

As requested by the Regional Board, quarterly progress reports on the onsite soil management, in accordance with the *Onsite Soil Management Plan*, will be prepared to provide details on the soil import, impacted soil excavation and disposal, and onsite soil reuse. Documentation will also be included in the quarterly progress report for the analytical results and copies of manifests or bills of lading.

During the first quarter of 2014, no soil management activities were conducted and therefore there is nothing to report for this progress report and furthermore, the schedule of future site activities has not been established as of yet. If you have any questions or comments, please call me at (602) 734-1083.

Sincerely,

Redwan N. Hassan, P.G.  
Program Manager
