**Los Angeles Regional Water Quality Control Board**

March 13, 2015

Mr. Everett Bole  
DLA Installation Support - Energy  
8725 John J. Klingman Road  
Fort Belvoir, VA 22060

**SUBJECT: REQUEST TO REVISE SECOND SEMIANNUAL 2014 GROUNDWATER MONITORING AND SAMPLING REPORT**

**SITE/CASE: DEFENSE FUEL SUPPORT POINT NORWALK, 15306 NORWALK BOULEVARD, NORWALK, CALIFORNIA (SCP NO. 0286A, SITE ID NO. 16638)**

Dear Mr. Bole:

On February 10, 2014, the California Regional Water Quality Control Board (Regional Board) received the technical document titled *Second Semiannual 2014 Groundwater Monitoring and Sampling Report* (Report), prepared by The Source Group, Inc., on your behalf, for the Defense Fuel Support Point Norwalk site (Site). The Report provides the results of the second semiannual 2014 groundwater monitoring and sampling event conducted at the Site.

We have reviewed the Report and have the following comments:

1. The Report states that free product was observed from GMW-36 and GMW-O-18 in Southeastern area of the Site. However, free product in GMW-O-15 in Southeastern area is not included in the Report.
2. Appendix C of the Report should depict all historical measured product thickness data for all wells. However, the relevant data is not included.

Therefore, submit a revised second semiannual 2014 groundwater monitoring report to include information on GMW-O-15 and change all sections to reflect this information to the Regional Board by **April 15, 2015**.

If you have any questions, please contact Mr. Paul Cho at (213) 576-6721 ([paul.cho@waterboards.ca.gov](mailto:paul.cho@waterboards.ca.gov)).

Sincerely,

Paul Cho, P.G.  
Engineering Geologist  
Site Cleanup Unit III
