Subject: Update on Site Access, Step-out Investigation in the Vicinity of Well GMW-O-18, Southeastern Off-site Area, Defense Fuel Support Point Norwalk, 15306 Norwalk Boulevard, Norwalk, CA

Dear Mr. Cho:

CH2M HILL is submitting this letter on behalf of SFPP, L.P. (SFPP), an operating partnership of Kinder Morgan Energy Partners, L.P. (KMEP), to provide an update on the progress made to obtain property access for installation of multiple direct-push soil borings (for soil and groundwater sampling) in the southeastern off-site area of the Defense Fuel Support Point - Norwalk located at 15306 Norwalk Boulevard in Norwalk, California (DFSP; the site). The proposed off-site borings are located in the southwest corner of Holifield Park which is owned by the City of Norwalk. The work plan for the step-out investigation was submitted to the Regional Water Quality Control Board (RWQCB) on April 19, 2010 and approved on August 12, 2010. An assessment report due date of November 30, 2010 is provided in the RWQCB's approval letter.

SFPP continues to work with the City of Norwalk to finalize a temporary site access agreement to allow SFPP to execute the step-out investigation on Holifield Park. The access agreement is expected to be finalized in December 2010. The field investigation will follow and is anticipated to be completed by the end of January 2011. Therefore, SFPP requests that a new assessment report due date be issued by the RWQCB that accounts for site access delays. CH2M HILL anticipates that the assessment report will be available for review by March 31, 2011 to allow sufficient time for laboratory analysis and report preparation.

If you have any questions regarding this project, please contact Stephen Defibaugh of KMEP at 714-560-4802 or myself at 213-228-8271.

Mr. Paul Cho
