Los Angeles, California 90013

Re: Effluent Monitoring Report
July through September 2021
SFPP, L.P. Norwalk Pump Station
15306 Norwalk Boulevard, Norwalk, California
(NPDES No. CA0063509, CI No. 7497)

Attention: Information Technology Unit

In reference to the National Pollutant Discharge Elimination System (NPDES) permit, no discharge occurred during the Third Quarter 2021. From February 25, 2021, to current date, extraction into the groundwater treatment system (GWTS) was discontinued as part of the planned transition away from the pump and treat remediation. This was approved by the Waterboards in an email dated February 5, 2021.

The Third Quarter 2021 Remediation Progress Report for the SFPP Norwalk Pump Station, Norwalk, California, provides an updated discussion of remediation activities, performance data, and operations and maintenance observations from July 1 to September 30, 2021. This report was submitted to the Waterboards on October 15, 2021.

I certify under penalty of law that this document was prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Executed on the 18th day of October 2021.
